

## 1. Choose Me

Pick that special furry friend — everything from super heroes and sporty mascots to cheerleading bunnies and snuggly teddy bears!

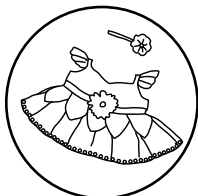

## 2. Hear Me

Add a special sound effect to your furry friend. You can even record a voice message in your own words!

## 3. Stuff Me

Customize your new friend with scents, stuffing and our iconic special heart ceremony that holds your love and wishes. Give your furry friend its first hug to make sure it's stuffed just right!

## 4. Dress Me

Turn up the fun with outfits and extras! You can even try different outfits on your furry friends if you need help deciding.

## 5. Name Me

It's official once your new friend has a birth certificate of its beary own!

## 6. Take Me Home

Get ready for adventure with your new furry friend! Carry it home in a bear carrier, shopping bag, classic Cub Condo or in your arms.

# THE WORKSHOP EXPERIENCE

## 1. Choose Me

Guests get to choose their furry friend! From popular characters to classic animals and teddy bears, there's always something exciting to discover. There is generally a minimum of 20 unique options on the Choose Me wall. Consider your child's favorite color, animal or character to help narrow down the options.

Some of our bears have extra sparkle with a soft or more rough touch.

For popular items, you can call your Workshop in advance to ensure it's in stock.

Favorite Character \_\_\_\_\_

## 2. Hear Me

Guests can make their furry friend even more special by adding sounds, scents and a heartbeat. Most locations have a digital sound station where Guests can add fun sounds, so their furry friend can bark like a dog, sing happy birthday or repeat different character sayings.

Guests can even record a voice message in their own words! Consider proactively setting a limit on how many sounds your child can listen to or how long they can spend at the digital station.

Favorite Sounds \_\_\_\_\_

\_\_\_\_\_

Guests have the option of making their new friend smell extra special by inserting a scent! Consider your child's favorite scent to help narrow down the options or proactively set a limit on how many your child can sample. Let your Bear Builder know if you are interested in the scent.

## 3. The Stuffer

Guests can help fill their furry friend with stuffing and participate in a heart ceremony that gives their new furry friend special qualities. The Stuffer sounds like a vacuum; children who might be sensitive to loud noises have the option to go to a quiet place while their furry friend is being stuffed.

The Heart Ceremony is a very special experience that is interactive and gives your child the opportunity to give their furry friend life-like qualities. Guests can also request a less-interactive heart ceremony if desired.

## 4. Dress Me

Guests can have lots of fun picking out outfits and accessories for their furry friend.

They can even try different outfits on their furry friend to help them decide. Clothes have unique patterns, and some feel softer while others could feel a little scratchy. Consider your child's favorite color or the outfit that was displayed on their furry friend at Choose Me to help limit the number of choices.

## 5. Name Me

This is where Guests give their furry friend a name and create their very own birth certificate! It is a three-step/screen process using digital screens. Once complete, a fun video displays and you can pick up your furry friend's birth certificate at Take Me Home.

## 6. Take Me Home

Get ready for adventure with your new furry friend! Choose from a variety of ways to take your furry friend home; select a fun bear carrier, take a shopping bag, carry it home in a classic Cub Condo, or just carry it in your arms.
