The initiative will culminate with a special delivery to patients at NewYork-Presbyterian Morgan Stanley Children’s Hospital in New York City by Build-A-Bear Workshop President and Chief Executive Officer Sharon Price John on Thursday, October 26, the day before the company’s 20th Birthday.

The donation was funded by Build-A-Bear Foundation to commemorate the past 20 years of giving and to introduce a new charitable focus as it looks toward the future.

“Since 1997, Build-A-Bear has donated nearly $50 million in funds and furry friends to a variety of organizations,” said Sharon John, president and CEO, Build-A-Bear Workshop. “We have always believed in the power of hugs and the simple comfort of having a furry friend by your side. Starting in November, Build-A-Bear Foundation will turn its focus to giving efforts that support the well-being of children through opportunities to make their days a little bit brighter. The delivery of tens of thousands of teddy bears to deserving patients at some of our country’s best hospitals would not have been possible without the generous support of our partners at United Way and UPS.”

Nearly 100 volunteers are helping to make the bear deliveries happen thanks to tireless coordination and support from United Way and HandsOn Network organizations located near the hospitals.

“United Way is excited to celebrate this milestone anniversary with Build-A-Bear, alongside UPS, through this donation,” said Orvin Kimbrough, president and CEO, United Way of Greater St. Louis. “We look forward to continuing our long-time partnership, working together to support child well-being and help people in communities across the country.”
Each teddy bear is accompanied by a personal message hand-written by representatives of Build-A-Bear, United Way and UPS. The finished bears were packaged with care by Build-A-Bear associates at the company’s Bearhouse in Groveport, Ohio. Dedicated teams of UPS drivers will make sure the furry friends journey safely and quickly to every corner of the country.

“A child’s smile can be the most telling sign you’ve made a positive impact in their life,” said David Hopkins, director of marketing and United Way coordinator for UPS. “UPS enjoys making a difference in our communities, including supporting the United Way as one of its largest givers. We’re honored to extend that relationship by helping Build-A-Bear Foundation deliver some happiness to children while they’re receiving treatment in their local hospitals.”
